PROFESSIONAL SUMMARY

Enthusiastic First-year Computer Science student at KIIT University with hands-on experience in Software Development and project leadership. Adept at applying Data Structures and Algorithms to develop innovative solutions. Proven ability to manage projects using Agile methodologies and Version Control (Git). Seeking opportunities to leverage technical skills and contribute to challenging projects. Proficient in Python, C++, and SQL. Strong communication and problem-solving abilities honed through diverse experiences.

WORK EXPERIENCE

WHYSCHOOL ACADEMY 2026-PRESENT

Founding team intern as Production lead

- Managed content and operations at Whyschool startup as a Founding team member, overseeing the creation of over 50 educational modules.
- Implemented Agile project management methodologies, resulting in a 20% increase in content delivery efficiency.
- Utilized project management skills to streamline workflows and improve team collaboration..

LITKIT 2026- PRESENT

Founder

- Founded a social media platform dedicated to literature sharing and browsing, attracting over 200 users within the first three months.
- Implemented Data Structures for efficient content management and retrieval, enhancing user experience.
- Utilized HTML5, CSS3, and JavaScript for front-end development and user interface design.

FIGMA

DSA

TAKSHILA EDUCATIONAL SOCIETY, AUGUST 2024

Team lead at Takshila Rural Immersion Programme

- Hands on experience on rural area, data collection and analysis of the rural lifestyle under the verbatim of Rural livelihood. Connecting with the locals and hence recommendations of various changes and presentation of our findings on the last day of the programme.

EDUCATION

KALINGA INSTITUTE OF INDUSTRIAL TECHNOLOGY 2025-2029

Pursuing Bachelor of Technology in Computer Science

DELHI PUBLIC SCHOOL, PATNA 2012 - 2025

Physics, Chemistry and Mathematics along with Infomatics practices

PROJECTS

TECHNICAL PROJECTS:

FLASHRESQ | LEAD DEVELOPER

- Conceptualized and developed an emergency response platform designed to optimize rapid medical assistance using real-time coordination.

AUTOMATED WORKFLOWS

- Integrated automated workflows to reduce response latency, focusing on scalability and user-centric design for high-pressure environments.

LITKIT | FOUNDER

- Designed and developed an innovative startup project aimed at streamlining literature content through a centralized digital platform.

MODULAR STRUCTURE IMPLEMENTATION

- Implemented a modular structure to allow for seamless updates and feature expansions, ensuring a future-proof user experience of a social media.

ACCESSIBILITY GAP SOLUTION

- Leveraged technical problem-solving to address accessibility gap in the platform, focusing on intuitive UI/UX through figma and efficient data management.

CERTIFICATIONS

- **Mastering C — Udeemy-GeeksforGeeks**
(Nov 2025)
- **L1 - Bronze — Lovable**
(Mar 2026)

ACHIEVEMENTS

★**Public Speaking and Negotiation** — Advanced public speaking and negotiation (developed through debating, Model United Nations and entrepreneurial pitching).

★**Prefect and Sports Secretary** — Served in the student council for many years as prefect and sports secretary.

★**Creative Discipline** — Exceptional focus and dedication derived from a decade of formal music training in guitar and further as a professional Basketballer playing for school and district level.
